Zonal Office (North/South/West/East),
New Delhi/Madras/Bombay/Calcutta.

Subject : Fabricare roof top safety measures and roof
fixing accessories - regarding

Sir,

Please find enclosed a Set of the literature alongwith the various enclosures received from M/s. Fabricare Safety Systems and Safety Aids, Pune relating to their products. M/s.Fabricare manufacture safety system is for safety device while working on fragile A.C. sheet roof whereas M/s. Safety Aids deal in roof fixing accessories to prevent roof leakage. In this regard, it is decided that these systems may be tried initially only in one of the depots in each Zone purely on experimental basis. The performance may be observed regularly for a period of nearly one year from the date of installation of each system and a comprehensive report highlighting the merits and demerits of both the systems alongwith their cost effectiveness may be forwarded to this office for further study.

This issued with the approval of Executive Director (Engineering).

Yours faithfully

Sd/-

(G.D. DALWANI)
